

The Tilbury District Family Health Team (TDFHT) is an interdisciplinary team committed to improving health and well-being of our community through accessible primary health care programs and services. The Tilbury District Family Health Team partners with numerous agencies to bring their services and expertise to the Tilbury community. One of our esteemed physicians is retiring in July and our FHO/FHT is looking for two replacements to join our vibrant team.

More information on The Tilbury District Family Health Team <http://tdfht.ca/>

Family Health Teams are primary health care teams are teams of interprofessional health providers that provide comprehensive primary care. Although team composition may differ, they typically include family physicians- solo or a group- who work in concert with other healthcare providers, such as nurse practitioners, dietitians, social workers and more.
