

## **FHO/CHC Full-Time/Part-Time Positions Available in Chatham-Kent**

### Our Community:

Chatham-Kent is situated between two fresh water lakes and located below the snowbelt, and offers a great climate and a variety of activities for people of all ages and interests. We are a short drive from Detroit, Windsor and London, only three hours from Toronto and have a direct VIA train route to Toronto, access to Porter and the Detroit Metropolitan Airport that allow for many international travel options.

Chatham-Kent has rural, city and lakeside options for those looking to move to the area. Currently, the average home is selling for \$1,254,436 in Toronto, \$771,682 in London and only \$498,325 here in Chatham-Kent.

### Our Health Teams:

Family Physicians can practice in Chatham-Kent at one of our 3 FHO's and/or 1 CHC in our community.

### **Chatham-Kent Family Health Team (CKFHT)**

You could join a 23-member (and growing) FHO who are located across the five sites of our FHT – Chatham, Blenheim, Ridgetown, Dresden, and Wallaceburg. We offer modern, well equipped clinical facilities at our sites and our offices are turn-key and fully staffed for your convenience. We use Accuro EMR and all sites are inter-connected. Overhead is competitive. There are opportunities to augment your office practice at the Chatham-Kent Health Alliance providing in-patient care, or in OB, as a hospitalist, etc. The choice is yours!

#### *For more information:*

Please watch our CKFHT recruitment video [Chatham-Kent Family Health Team Video \(ckfht.ca\)](#)

and/or visit our website at [Chatham-Kent Family Health Team – \(ckfht.ca\)](#)

### **Thamesview Family Health Team (TFHT)**

You could join a 19-member (and growing) FHO who are located across two sites in Chatham and one in Wheatley. TFHT provides primary healthcare including chronic disease management and health promotion and prevention to rostered population of patients in Chatham-Kent. The FHT utilizes an interdisciplinary team of health care professionals who work in a collaborative model of care. TFHT includes services such as: Nurse Practitioners, a Dietitian, Social Workers, a Pharmacist, an Occupational Therapist, Registered Nurses, and a Registered Respiratory Therapist. There are opportunities to augment your office practice at the Chatham-Kent Health Alliance providing in-patient care, hospitalist, ER, LTC, Hospice, OB, etc. The choice is yours! TFHT is a centre of excellence for the training of future generations of health care professionals. Weekly lunch and learns, some of which count towards CME credits, are available to further individual education. TFHT physicians are also able to become preceptors with Schulich School of Medicine teaching Family Medicine residents and medical students.

### **Tilbury District Family Health Team (TDFHT)**

You could join an 8-member (and growing) FHO who is located at one site in Tilbury. TDFHT is an interdisciplinary team committed to improving health and well-being of our community

through accessible primary health care programs and services. The focus of the health team is on disease management and prevention, acute care and health promotion. TDFHT includes services such as: Nurse practitioners, a dietitian, Social workers, Pharmacists, a chiropodist, Registered nurses, certified diabetes and lung health educators, a phlebotomist, and a respiratory therapist. Physicians will have access to an established space, equipment and staff. Our team of Physicians work Monday through Friday as well as take turns working a Saturday urgent care clinic for TDFHT patients. Payment is through the FHO model.

*For more information:*

### **Chatham-Kent Community Health Centres (CKCHC)**

The Chatham-Kent Community Health Centres are non-profit, community governed, multi-service health centres that provide primary health care, health promotion and community development services all under one roof. We are designed with the community in mind and for that reason we serve persons of all ages who are economically and/or socially disadvantaged with a focus on:

- Mental health and addictions
- Persons that face barriers such as race, language, culture and sexual orientation
- Persons who are homeless/under-housed or at risk for homelessness

CKCHC has a diverse healthcare team including: addictions and Mental Health therapist, child & youth workers, chiropodist, health promoters, low german family support worker, NP's, Eating Disorders NPs, physiotherapists, Registered Respiratory Therapists, occupational therapist, physician assistant, dietitians, RN's, RPN's, kinesiologists, social workers, traditional healers, and traditional healing community outreach worker.

*For more information:*
