

## **UMC Urgent Care**

**Website:** <https://theumc.ca/>

### **Overview:**

UMC Urgent Care provides accessible, high-quality health services for non-emergency medical needs. We offer same-day care without an appointment, comprehensive clinical services, and specialized programs that extend beyond traditional walk-in care.

### **Services Provided:**

- **Urgent Care / Walk-In Services** – Timely assessment and treatment for non-life-threatening illness and injury.
- **Revive Iron Clinic (Iron Infusions)** – Specialized iron infusion therapy for patients with iron deficiency to safely restore iron levels and improve health outcomes.  
*Details:* <https://theumc.ca/service/revive-iron-clinic/>
- **Women's Health Services** – Comprehensive women's health care including preventive care, screenings, gynecologic support, and tailored health counseling.  
*Details:* <https://theumc.ca/service/women-health/>
- **Additional Clinical Services** – Routine medical assessments, chronic condition monitoring, vaccinations, diagnostic testing, and specialist referrals as needed.

### **Why UMC:**

UMC Urgent Care combines urgent treatment with broader health services in a patient-focused setting, supporting continuity of care and convenient access to key therapies.

### **Referral & Contact:**

Patients may self-refer; appointments not required for urgent and many clinic services. Full details and service descriptions available at <https://theumc.ca/>
